PALL FILTER KITS FOR ALLISON WORLD TRANSMISSIONS

NABI offers two Pall filter kits for use on Allison MD, HD, and B series transmissions. Each kit contains two high efficiency, long-life filter elements, plus the gaskets and o-ring seals required for installation.

- ★ **Reliable performance**
- ★ **Long service life**
- ★ **Consistent fluid cleanliness levels over the life of the filter**
- ★ **Enhanced resistance to media failure in high pressure drop conditions**
- ★ **Longer intervals between filter element changes**
- ★ **Excellent compatibility with all petroleum based and synthetic transmission fluids**

| DESCRIPTION | NABI PART NO. | PALL PART NO. | ALLISON PART NO. | ELEMENT LENGTH | MICRON RATING |
|------------------------|------------------|------------------|---------------------|-------------------|------------------|
| WT TRANSMISSION FILTER | 6304190 | 1358851 | 29526899 | 4 " | 50 |
| WT TRANSMISSION FILTER | 6304211 | 1358849 | 29526899 | 4 " | 25 |

NOTE: Allison World Transmissions's Service Information Letter 10-WT-92 (Rev. A dated April 1993), expressed concern that filters not meeting their specifications could cause transmission damage. For this reason, special care was taken to ensure the the Pall 50 micron rating elements have an equivalent micron rating and meet or exceed all Allison filter performance specifications.
